

Thinking of Pursuing a STEM-related Career?

2020 Technology Challenge

Consider a two-week paid internship at Telephonics!

Telephonics is a Long Island-based advanced technology leader delivering highly sophisticated surveillance, communications, analysis and integration solutions. Our systems are deployed across a wide range of land, sea and air applications, providing our aerospace, defense and commercial customers with a distinct tactical advantage while helping to ensure the safety and security of military and civilian personnel worldwide.

Telephonics is offering eight, paid internships to *FIRST* Robotics Competition participants interested in learning more about engineering career paths in a high-tech industry.

Internship details:

- Two week paid internship: July 6th – July 17th, 2020
- Schedule: Monday – Thursday, 9am to 4pm and Fridays, 9am to 12pm
- Pay: \$15/hour
- Eight slots available
- Where: Telephonics Headquarters (815 Broad Hollow Rd., Farmingdale, NY 11735)
- Week one: Classroom/Lab Practicals
- Week two: “Real World” engineering “challenge” partnered with Telephonics engineers

Who is eligible?

- Graduating high school seniors accepted into a college/university STEM program
- *FIRST* Robotics Competition participants
- U.S. Citizenship required (due to the nature of our U.S. Government work)
- NYS valid working papers for applicants under 18 years of age

How to apply:

Email the completed application (and a reference letter) to info@SBPLI.org, with 2020 Technology Challenge in the subject line, by May 8th. Selected candidates will be notified by May 29th.
